# Our Vision

The nursery aims to provide a home from home for children whilst in our care.

We will of course strive through our Reggio Inspired curriculum to ensure that your child is achieving their maximum potential in terms of play, learning and development during their time with us.

Given that this is a group care environment we strive to aspire a child's confidence and prepare them for playgroup and school by providing a variety of experiences in areas such as:-

- Emotional, personal & social development;
- Communication & language
- Knowledge & understanding of the world
- Expressive & aesthetic development
- Physical development & movement

**Our image of the child is rich in potential, strong, powerful, competent and most of all connected to adults and other children**
